

1175N SAFETOUCH SLIM POWDER-FREE NITRILE GLOVE

Class I Medical Device and Category III Personal Protective Equipment

FEATURES & BENEFITS

- Great elasticity.
- Good dexterity.
- Its smooth appearance gives it correct touch and grip of objects.
- Ultra comfortable, this generation allows an excellent stretchability and an optimal comfort.
- Watertight and airtight.

Recommendations:

- Glove for professional use.
- In the healthcare environment, this glove is used to make barrier against microorganisms between the professional and the patient and their environment.
- In an industrial environment, this glove is intended to protect the wearer from tested chemicals and microorganisms (bacteria, moulds and viruses).
- The powder-free glove reduces the risk of airborne contamination and limits the risk of irritation.
- For food handling / preparation (HACCP).
